PL-3 Assignment No. 0

Name: Harshavardhan Anil Bamane

PRN: 22510112

Batch - T-06

Topic: Online resources available regarding web development technologies.

For Learning purposes:

1) Codecademy: free courses available with online IDE and good documentation of different topics in good depth.

URL:

2) Udemy: Paid courses taught by certified educators with videos and tests with deep explanations and demonstrations of the topics. Some popular educators for Web Dev are Angela Yu, Colt Steele, etc.

3) YouTube: A lot of YT channels are hosting courses on web dev that are free of cost as well and we also get to see some one-shot videos on different tech stacks for revision purposes as well. YouTube is always updated with new sets of tech that are emerging in the world of development. So its a great resource to learn.
